Bay Area Joint Policy Committee

# Bay Area Renewable Power Action Plan

- ❑ AT LEAST 2,400 MW LRP by 2020
- ❑ Create jobs and economic benefits
- ❑ Reduce GHGs & air pollutants
- ❑ Improve health/AQ impacted communities
- ❑ Provide benefits to those affected most by economic and climate crises

# Action Plan Tasks:

1. Replicate great projects
2. Attack barriers and exploit opportunities
3. Link LRP to EE and EVs
4. Create unified Sacramento advocacy agenda
